

SHIVRAI HON (HON)

Whitepaper v1.0

1. Introduction

SHIVRAI HON (symbol: HON) is a decentralized digital currency built for the people of Bharat. Inspired by the spirit of Chhatrapati Shivaji Maharaj, SHIVRAI HON represents financial sovereignty — Swarajya in the digital age.

2. Vision

To create a truly decentralized, community-driven digital currency that empowers every citizen of Bharat with financial freedom, transparency, and independence from centralized financial systems.

3. Technical Specifications

Parameter	Value
Coin Name	SHIVRAI HON
Symbol	HON
Total Supply	84,000,000 HON
Block Reward	200 HON
Block Time	5 Minutes
Halving Interval	Every 2 Years
Algorithm	SHA-256
P2P Port	8444
Consensus	Proof of Work

4. Tokenomics

Total supply of 84 Million HON distributed entirely through mining — fair launch, no pre-mine, no ICO.

Year	Block Reward	HON Mined
0-2	200 HON	21,024,000
2-4	100 HON	10,512,000
4-6	50 HON	5,256,000
6-8	25 HON	2,628,000

5. Roadmap

Phase 1 — Foundation (Completed) Core blockchain, genesis block, block explorer.

Phase 2 — Testnet (In Progress) Public testnet, community mining, wallet development.

Phase 3 — Mainnet Launch Mainnet genesis, exchange listings, mobile wallet.

Phase 4 — Ecosystem DeFi integrations, merchant adoption, community DAO.
